

The  
2012  
Wish  
List

**The Wish List** is a compilation of the best unproduced, *unwritten* screenplays in Hollywood.

The third annual list is determined based on a comprehensive voting process involving a tribunal of studio development executives, the BCS computer ranking algorithm, Cee Lo Green, and the State of Florida.

Please remember, **The Wish List** is **not** a "best of" list. It is, at best, a "waste of the next few minutes of your life."

Enjoy.
